Timings	Item Description	Paper	Lead
10:00 – 10:05	<p>1. Welcome and apologies</p> <p>Membership, Anne Marie-Connelly has retired. Katherine Thompson has been liaising with the internal team to identify someone with expertise in health inequality, but any recommendations would be welcome. John Newton suggested Martin White or Ben Brown.</p> <p>Action 11: Katherine to speak to Zafar about health inequalities expertise and representation on the group.</p> <p>Action 12: Katherine to follow up with candidates identified as having expertise in health inequalities to secure representation for the September meeting.</p> <p>Action 13: Katherine to speak to Michael Soljack about inviting a health psychologist to join the group.</p> <p>Action 14: Invite a representative from NHS England’s clinical policy team to deliver an item on primary care networks at the next meeting.</p> <p>There was some discussion on the programme’s aims and objectives and the vision for the programme going forward. In particular, the potential for the system to improve.</p> <p>It was noted that the school for personalised care will be providing training for over 300,000 health care professionals and that primary care networks will utilise 20,000 non-traditional health care professionals to support the service specifications that are being rolled out.</p> <p>It was agreed that it would be helpful to have a seminar to revisit the programme’s aim and objectives and set out the evidence for how the programme can achieve this in the most effective way.</p>		Chair

Timings	Item Description	Paper	Lead
	Action 15: Katherine to scope an agenda for a seminar/workshop on the forward vision for the programme and maximising its impact.		
10:05 – 10:15	2. Actions from the last meeting Complete: Actions 1, 2, 3, 4, 5,6, 9,10 In progress: Actions 7 For a future meeting: Action 8	Paper 1 – ESCAP action notes	KT
10:15 – 10:25	3. NHS Health Check update <ol style="list-style-type: none"> I. Programme governance arrangements and new members <p>The national team is consolidating some of the governance groups for CVD and seeking to reallocate functions across a smaller number of groups. As a result, Katherine proposed that ESCAP membership is extended to include a PHE regional & centre lead as a means of enabling this core group of stakeholders to feed into key discussions on evidence and evaluation.</p> <p>In addition, as the NHS Health Check data extraction is a standing item on the agenda it would be helpful work is now progressing quickly it was identified that it would be helpful to have some additional big data/analytical skills on the group. It was agreed that Lorraine Oldridge and Julien Flowers from within PHE would be invited to join ESCAP.</p> II. Evidence update <p>See paper 3.</p> <p>Action 16: Katherine to liaise with the library team to see if dementia risk reduction can be picked up within the scope of the broader evidence search.</p> <p>Action 17: Katherine to invite authors of the lancet public health publication to speak about their work on the frequency of testing.</p>	Paper 2 – Governance summary Paper 3 – Literature search	KT
10:25 – 11:10	4. NHS Diabetes Prevention Programme and Point of Care Testing (POCT) <p>It was agreed in 2018 that colleagues from the national diabetes prevention programme would provide an update on their work to validate point of care testing devices used in the delivery of the national programme. Emma Barron, Tom Newbound</p>	Presentation	TN/EB/JV

Timings	Item Description	Paper	Lead
	<p>and Jonathan Valabhji presented findings on POCT from the evaluation work undertaken so far.</p> <p>The findings of this work potentially have implications for the delivery of the NHS Health Check as a recent audit highlighted that 49% of local authorities use point of care testing in some way to measure HbA1c as part of the NHS Health Check programme.</p> <p>Action 18: Tom Newbound to share the final letter going out to stakeholders that the NDPP will not continue to use POCT.</p> <p>Action 19: CVD prevention national team to highlight letter to NHS Health Check stakeholders and set out a holding position.</p> <p>Action 20: Michaela Nuttal to bring together an options paper on POCT within the NHS Health Check for blood glucose for discussion at the September meeting.</p>		
11:10 – 11:40	<p>5. Content review proposals (CRP)</p> <p>Two proposals were submitted through the CRP to amend the NHS Health Check to include:</p> <ol style="list-style-type: none"> 1. Hearing loss 2. Menopause <p>The group recognised the importance and impact of hearing loss as a public health issue and its impact on individuals' lives. The UKNSC is currently updating its review of the evidence on hearing screening. Therefore, it was agreed that the group would await the outcome of this work before considering whether and how the NHS Health Check could support this important public health issue.</p> <p>Action 21: Katherine to draft a letter for John Newton to send to Action on Hearing Loss confirming that the proposal will be revisited once the UKNSC has finished its update of the current evidence.</p> <p>Action 22: Katherine to continue to liaise with stakeholders proposing the inclusion of menopause and to bring the item back for discussion at a future meeting.</p>	Paper 4 – Hearing loss summary	KT

Timings	Item Description	Paper	Lead
11:40 – 11:55	<p>6. NHS Health Check data extraction and publication</p> <p>Catherine Lagord provided an update on the analysis of the data extraction and dashboard which is planned for publication in the autumn.</p>	Paper 5 – research questions	CL
11:55 – 12:00	<p>7. AOB</p> <p>Action 23: Katherine to reschedule the September meeting due to a high number of apologies</p> <p>Huon Gray confirmed that he is retiring and so is stepping down. He thanked members for their support and the opportunity to engage through the expert group.</p>		All
Dates of 2019 meetings	<p>10:00 – 12:00 19 September 2019</p> <p>12:00 – 14:00 4 December 2019</p>
